Dear Hiring Manager,

I am writing to express my interest in the position at your company. With a Bachelor of Engineering in Software Engineering from Stevens Institute of Technology and experience in AI/Machine Learning engineering, I am eager to contribute my skills to your team.

In addition to my technical qualifications, I bring leadership experience and a passion for innovation. Throughout my academic journey, I've led various group projects, honing my ability to foster collaboration and drive projects to success. While my resume highlights projects such as Assistant API development, it doesn't fully capture my enthusiasm for exploring new concepts and pushing technological boundaries.

Enclosed is my resume for your review. I am available for an interview at your earliest convenience and can be reached at (862)-336-0495 or via email at AhmadChaabane24@gmail.com.

Thank you for considering my application. I am excited about the opportunity to discuss how my skills, leadership abilities, and passion for innovation align with the needs of your team.

Ahmad Chaabane
